outside these hours. Please
ask/check website for details.

Nurse/HCA/Phlebotomy appointments:

Various timings – ask reception

Language line/ Interpreter

For patients with language difficulties, we mainly use Language Line (phone interpreting service) where trained interpreters can help. We can also book an interpreter to attend with you for your consultation.

PATIENT'S RESPONSIBILITIES:

- Please always keep your appointment or inform us if you cannot attend. Patients who miss three appointments might be removed from our list, so please cancel if you cannot attend

- Please request a home visit only when it is necessary and you are not able to attend the surgery. Your request will be triaged by a doctor and will only be carried out if deemed necessary.

Please don't be late. If you arrive more than 5 minutes late for your appointment, we may have to cancel it, or you may have to wait to the end of the Clinician's surgery. If you arrive more than 10 minutes late for your appointment, you will be asked to reschedule your appointment as we feel it is not fair to make other patients wait.

- Rude and aggressive behaviour will not be tolerated and will result in instant removal from our list

NEW REGISTRATIONS: To join our Practice, please visit our practice website to check if you live within our catchment area (map enclosed with this leaflet) and complete an online registration form. If you lack internet access, please visit our reception for assistance.

You will be registered with the Practice, but you can choose a doctor for any consultation you may require.

Your choice of 'preferred doctor' will be noted in your medical records. You might need to wait longer for a regular appointment with your chosen doctor as our GPs work according to a rota

OUT-OF-HOURS SERVICE: For health advice, consultation or a visit outside our normal hours, please call 111 or visit www.nhs.uk/111. You will be asked some questions about your symptoms so that you can be directed to a local service that can help you best. Calls to 111 are free from both landlines and mobiles.

The nearest **Urgent care centre** is located at Central Middlesex Hospital, Park Royal, NW10 7NS.

ONLINE ACCESS

You can use the internet to book appointments with a GP, request repeat prescriptions for any medications you take regularly (you can nominate a pharmacy and your prescription will be sent electronically to your chosen pharmacy) and access online your full medical records.

For online access, please download both the **NHSApp** and **Airmid** app. Use the NHSApp first to create your **NHSLogin**. You can access Airmid using the same NHSLogin. Use the Airmid app if you wish to request full access to your records.

HOME VISITS: Requests should be made before 10am. If you are too ill to attend the surgery, you might be offered a visit, however, please try and get to the surgery as we can offer more comprehensive care here than at home. Visits are normally carried out between 12:30pm and 2:00 pm

MEDICALS: Our doctors can conduct medical examinations for insurance, employment, etc. Please consult reception with your requirements as a longer appointment is needed and private fees will apply.

Please help us to keep our high standard of medical care by agreeing to take part in video consultation if requested.
